Just got my car battery replaced [from a distance]. What a weird experience.

Thank you @aaanortheast for taking the physical distancing seriously and equipping your drivers with the knowledge and materials needed to do that safely.

My battery died last week (I knew it was on its way out) and with all this virus going on, I had to find somewhere to go that wasn't going to cost an arm and leg. My sister reminded me of AAA so I called them. They came to my house an hour later with a battery that my car recommended for \$40 less than I would have had to pay to an auto shop in Lawrence. So I saved travel, money and the tech put air in my tires and checked my oil! The tech was so professional and adhered to covid guidelines and was a perfect gentleman. I would recommend AAA anytime! 🚗🚗👍

AAA family is the best! My cars Insurance cases were handle so well and fast even when most staff were out of the office due to COVID-19. Thanks also because of the big discount you gave to me after paying the insurance.

I can't thank you enough for being there....at the beginning of the pandemic I got stranded in a food store parking lot with a dead battery. Tech came and was able to install a new battery on the spot. Saved the day and my food from spoiling!
